School East Easement	Check catch basin in elementary school alley. – King talked to Casey Ehlinger. The board discussed that the alley is a town easement. The town will fix the hole and gravel it. If the school wants it paved that will need to be done at their own expense.	We will tear down the black top and put gravel down. King will get ahold of Steve to see if he still owns his backhoe to use. Steve said gravel or concrete will still crack. King said a funnel may need to be put in place. Casey taking information to superintendent. King said may need to re-route buses unless we wait until June. We are still waiting to get ahold of Superintendent. King said this will be taken care of this summer.
Patterson Tile Project 413 S. Clay	Install a good tile on Indiana St. to correct the drainage issues with the houses on Clay St. This tile would run north and south. We would also put in a catch basin on Wabash Ave. We will have Josh Yoder do the work. The town will pay for the project and the individual homeowners will pay the town for hooking into the tile.	New tile laid; property owners need to decide if they want to pay the expense to attach to our tile.
